MRS. GIANELLA LAST WEEK'S WINNER

NO. 121 LUCKY NUMBER AT THE
PRIZE DRAWING; QUANTITY OF
STUBS IN BOX INCREASES AND
MUCH INTEREST IS SHOWN.

Mrs. S. Gianella of Miller avenue was the winner at the prize drawing at the Royal Theater last Friday evening in the South San Francisco Merchants' Association Trade at Home campaign. The number drawn from the locked box at the theater was 121. Mrs. Gianella was not present at the drawing, but brought in her numbered ticket Monday and received her \$10 in merchandise orders.

Interest in the big campaign continues to grow. There were many stubs in the box Friday night when the drawing took place. The popular playhouse was filled with people who had come to see the moving pictures and witness the prize drawing. All displayed a lively interest in the proceeding, and there was a noticeable rustling over the house when the number was announced as those in the audience drew out their own stubs to compare numbers.

Tomorrow (Friday) evening there will be another drawing at the Royal. This time instead of one prize there will be three, the prizes being merchandise orders for \$5, \$3, and \$2, to be awarded in that order to the holders of the three numbers drawn.

Hold Your Tickets

It is again in order to warn all holders of numbered \$10 certificates obtained by exchanging the blue coupons given them with purchases at the stores of Merchants' Association members to retain their certificates whether they are lucky enough to secure a prize at the weekly drawings or not. The persons holding the greatest number of these certificates at Christmas will be given a series of worth-while prizes, according to the quantity of certificates they hold.

Remember, exchange the blue coupons as soon as you have \$10 worth for a \$10 certificate. Any member of the Association will make this exchange for you. When you have your certificate, tear off the numbered stub and deposit it in the locked box at Scampini's store. The box will be taken to the theater in the evening and there the drawing will take place. There is still time before Friday evening for you to obtain one or more certificates, and here are the business houses that will give you the blue coupons or the green number-bearing certificates:

- A. T. Arndt.
- Barkoff's.
- Baden Cash Store.
- Columbia Meat Market.
- Curis Bros.
- The Enterprise.
- Greenberg's.
- The Hub.
- Hawkins & Coughlan.
- Jennings' Pharmacy.
- Santini & Rocucci.
- C. F. Schurk.
- Scampini's.
- South City Meat Market.
- Peninsula Drug Store.
- W. C. Schneider.

ASSAULT WITH DEADLY WEAPON CASE FRIDAY

Joseph Cucchi and Reno Trevagrino, the two men arrested about two weeks ago charged with assault with a deadly weapon on the person of Victor Trevagrino, brother of one of the accused, comes up for a hearing in Judge W. J. Smith's court here Friday morning. Since their arrest the men have been at liberty on bond. The case was the result of a brawl at a Millbrae saloon.

Joe Maffael, proprietor of the Peninsula Pump and Supply Company of Lomita Park, was given a judgment for \$48.76 Saturday against A. Guilfo of this city. The suit arose over the purchase of an engine by Guilfo, who afterward claimed the machine was not as represented.

It is often hard to keep up appearances and keep up with expenses.

OIL GUSHER BROUGHT IN NEAR HALFMOON

500-Barrel Well of High Gravity Oil
Discovered on Shoults Ranch in
Purissima Canyon.

An oil boom is on in the coastside region of this county, following the bringing in of an oil gusher on the Shoults ranch in Purissima Canyon, about four miles southeast of Halfmoon Bay, last Thursday evening. According to reports, the new well is flowing at the rate of about 500 barrels a day of a very high grade oil. Tests are said to have been made of the oil from the new field that show it to be of 54 gravity and over 70 per cent gasoline. If this report is true the new field may turn out to be one of the richest in the state, as this test is far above that of the oil in other California fields. The strike was made at a depth of 930 feet.

The new oil well was brought in by a drilling crew working on what is known as the Sage and Olsen Bros. lease. The three members of the company have financed the drilling operations themselves and no stock in their company is owned by anybody else. Already preparations are under way to move the well rig to another location close by and start operations again.

Many attempts to strike oil on the coastside of this county have been made within the last few years. In fact, it is said that about twenty years ago a producing well was brought in about 200 feet from the new gusher, but was later abandoned because of unfavorable oil conditions at that time. Today there are five well rigs drilling within a radius of five miles of the new well, and Thursday evening's discovery has spurred on the other crews to greater activity.

It is believed that should the new well continue to produce as it now promises there will be a refinery built in the vicinity of Halfmoon Bay.

Mrs. J. Quinlan of South San Francisco is one of the owners of the Shoults ranch.

INTERESTING PRODUCTION BY PENINSULA CHORAL SOCIETY

The production of the oratorio, "Elijah," to be given by the Peninsula Choral Society at the Kohl estate, San Mateo's newly acquired city park, next Sunday is attracting considerable attention and many music lovers from this city will attend. Miss Eleanor Boyle of this city is one of the artists who will take part in the production. Miss Lulu E. Pieper, soprano, and Mrs. Esther Houk Allen, contralto, are two of the soloists. Charles F. Bulotti, tenor, and Henry L. Perry, bass, taking the leading men's parts.

Miss Eleanor Boyle's fine soprano voice is winning considerable recognition for its fortunate owner. Miss Boyle sang for the radio broadcasting station at the Emporium last Friday, and many favorable comments on the quality of her singing were made by those "listening in."

MISS RITA SCHMIDT MARRIED IN SAN FRANCISCO

Miss Rita Schmidt, daughter of Mr. and Mrs. Thomas Schmidt of Grand avenue, old-time residents of this city, was married in San Francisco Wednesday to Fred Kansecnek of Fresno. The ceremony took place at Mission Dolores, Miss Minnie China acting as bridesmaid and William Grogan as best man.

Mr. and Mrs. Kansecnek will make their home in Fresno, where Mr. Kansecnek is employed. The best wishes of the bride's wide circle of friends will go with her to her new home.

FIRE PREVENTION WEEK.

Governor William D. Stephens has issued a proclamation setting next week aside as Fire Prevention Week. During this week steps will be taken all over the state to educate the public to a greater observance of ordinary precautions against fire.

After the heat of the battle is over, a man often wonders why there was a battle.

NEW POSTOFFICE REGIME TODAY

Postmaster L. G. Hardy Now in Charge
With Four New Employees.

South San Francisco as an independent postoffice had a rebirth today (Thursday) after being a branch of the San Francisco office for four years. After long and continued effort on the part of the local Chamber of Commerce this change has been brought about, and today L. G. Hardy, well-known resident of this city, takes charge as postmaster. From October 1st this office is to be known as an independent postoffice of the second class, which puts it on an equal footing with the other independent offices of the county.

Mr. Hardy assumes his duties with a force of four men, all of whom are experienced in postoffice work, but are strangers in this city. They have been sent here by the San Francisco postoffice through the courtesy of the officials there, to help the new office in getting on an efficient working basis as soon as possible. John Moran and Roland J. Boldt are the names of the two who will act as clerks, while the mail delivery will be in the hands of Harry E. Lapp and Fred E. Moore.

P. G. & E. EMPLOYEES TO PRE- SENT "ELECTRICAL EVENING"

The Pacific Service Employees' Association, an organization of Pacific Gas and Electric Company employees, will put on a special feature at the Royal Theater Friday evening of this week, this feature being called "An Electrical Evening." It is said to contain many instructive and educational features relating to electricity and the tremendous growth of its use.

DALY CITY MAN BEATEN TO DEATH

Outrage Occurs as Dead Man and
Brother Walk to Work.

Attacked by four men as he and his brother were walking to work early Wednesday morning, Carl Ersepke, 285 Los Banos street, Daly City, was beaten to death, while his brother was seriously injured. Both men were employed by the Southern Pacific Company at the Bay Shore shops.

The attack occurred at Miran and Vista avenues, Daly City. Rudolph Ersepke told the police that he and his brother were nearing the shops when an automobile containing the men drove alongside the curb. The quartet leaped out, and one of the men started beating the brothers with a piece of pipe wrapped in a newspaper, while the other three kicked their victims.

Carl Ersepke fell to the street under the rain of blows. His brother called for help and the assailants leaped into the automobile and drove away. Carl was dead when the police arrived and his brother was taken to the hospital suffering from severe cuts and bruises. The pipe was found by the police several feet from where the men were attacked. Ersepke leaves a widow and two children.

Late Wednesday night Steve Apotolos, 3480 San Bruno avenue, and Fred Wheat, 24 Wheat street, were arrested on suspicion. Both men denied any knowledge of the crime. Rudolph Ersepke, the police say, identified Apotolos as one of his assailants.

SHOWER FOR BRIDE-ELECT GIVEN AT THOMAS HOME

A delightful surprise shower was given at the Thomas home on Wednesday evening last week in honor of Miss Myrtle Vaccari, bride-elect.

Games, singing and dancing were enjoyed and refreshments served. Miss Vaccari was the recipient of many beautiful gifts.

Among those present were: Mrs. Emily McCook, Mrs. Ada Stevenson, Mrs. D. McMills, Misses Sophie and Frieda Bauman, Kathryn Freitas, Kathleen Sullivan, Margaret and Sylvia Thomas, Margaret Thompson, Addie Furner, Madeline Thomas, and Mrs. L. Thomas.

A jail is of no value as long as it remains empty.

C. OF C. DISCUSSES ADVERTISING PLANS

To Start a Campaign of Publicity for
So. S. F. as a Home Town.

Plans for advertising South San Francisco, both as a city of homes and as the ideal location for factories, occupied the attention of the members of the local Chamber of Commerce at their regular meeting held at the city hall Tuesday evening. It was the consensus of opinion of those gathered at the meeting that special efforts should be put forth to put this town on the map as a city with many advantages for home-seekers as well as those looking for factory sites. It was felt that, while the city has had considerable advertising in the past as an industrial center, it has not had publicity enough as a good location for homes, and steps will probably be taken in the near future to advertise it as a home town.

In this connection it was pointed out that Daly City is now engaged in a campaign of publicity along similar lines, and a committee was appointed to interview the committee which has charge of this work in Daly City. Andrew Hynding, E. C. Peck, and Robert Speed were named on this committee by President Dr. F. S. Dolley. After learning what the Daly City committee has done, the methods pursued, and whether any results have so far been obtained, the committee will interview D. E. Curley of Emil Brisacher & Co., the advertising firm that has charge of Daly City's campaign.

During the meeting Secretary F. A. Cunningham was instructed to send a wire of sympathy to Congressman Arthur M. Free, who is now in a Baltimore hospital seriously injured, following an auto accident in which two of his companions were killed.

REGISTER YOUR CHILDREN NEXT WEEK

If Over 3 Years and Under 18 Your
Child Must Have Name on Register.

Have you a young son or daughter whose age is between 3 years and 18 years? If so, his or her name must be placed on the register at the grammar school some time next week. Thus saith the law. An announcement on the registration of children is being displayed. It says: "Parents, guardians or other persons in charge of minors over 3 years of age and under 18 years of age must see that such minors are registered at a public elementary school house in the district in which they reside."

The place to register your little minor in South San Francisco is the grammar school house on Grand avenue, and some time during the next week is the time it must be done.

BIG GAS BAG SAILS OVER TOWN ON WAY TO S. F.

Many persons in this city were called into the street Wednesday morning by the whirring of motors high in the air and were witnesses to the passage over this locality of the giant army dirigible C-2 on her way to San Francisco. The big gas bag, which had left Los Angeles at 1 o'clock in the morning, was accompanied up the peninsula by an escort of army planes. It traveled at a height of about 3000 feet. The great dirigible when passing here was on the last lap of a successful transcontinental flight. It is 192 feet in length, has a capacity of 172,000 cubic feet of gas, and is driven by two 150-horsepower engines.

MRS. MABEL TRIGUIERO APPLIES FOR DIVORCE

Mrs. Mabel Trigueiro of this city has applied for a divorce from her husband, Frank Trigueiro, an employee of the San Francisco postoffice. Trigueiro married Miss Mabel Costa, an employee of the local telephone office, in September of last year, and the couple have a three-weeks-old child. The complaint alleged that Trigueiro struck his wife, called her vile names, and in August of this year deserted her. The application for divorce was filed by Mrs. Trigueiro Thursday of last week at Redwood City.

CONGRESSMAN FREE SERIOUSLY INJURED

Popular Member From This District
In Hospital as Result of Auto
Crash; Two Friends Die.

Congressman Arthur M. Free is in the Maryland General Hospital at Baltimore with serious injuries as a consequence of an automobile accident at Savage, Md., last Friday night. Two of Free's companions were killed outright and a fourth man was also seriously injured. The dead are Grant C. Freeman of San Francisco, Free's secretary, and William S. Dennis of San Francisco, an insurance broker and a close friend of Free.

Following the accident, Free was rushed to the hospital in a passing automobile. He was unconscious on his arrival there, and at first his life was despaired of. It was then reported he had sustained a fractured skull and internal injuries, besides which the upper part of his body was a mass of lacerations and bruises. By the next morning he had regained consciousness, and the news was then given out that the chances for his recovery were good.

Dennis was killed instantly. Freeman was taken to the General Hospital at Baltimore, but was dead on his arrival there. Nicholas A. Denvir, the fourth man, received severe cuts and bruises.

Meager reports of the accident received here indicate that the driver of the car was blinded by the lights of an approaching machine and that his auto swerved from the road and crashed into a telephone pole.

Free was elected to congress from this district in 1920 and at the primary election in August of this year was unopposed. He has proven himself an efficient and conscientious worker for the interests of his constituents. It was largely through his efforts that an independent status was obtained for the local postoffice. The news of his injuries came as a shock to his many friends here, and the later reports that chances were good for his recovery were received with much pleasure in South San Francisco.

C. L. PECK TO LEAVE LOCAL M. E. CHURCH

The Rev. C. L. Peck, pastor of St. Paul's Methodist Church, preached his farewell sermon at the local church last Sunday, as he intends to leave this city in the near future. Mr. Peck has been connected with the local church for nearly two years. He came west from Cleveland largely for his health, and finally decided that the climate of this city was having a bad effect. He was returned to this charge for another year by the Methodist conference recently. He has made a wide circle of friends during his stay here, and the church has grown and prospered under his care. Mr. Peck's successor has not yet been appointed. It is expected that there will be no service at St. Paul's Church next Sunday, but that by the following Sunday Mr. Peck's successor will be in charge.

TWO BOYS STEAL AUTO PARKED ON HILL

Two nine-year-old boys of this city came to grief Wednesday when they stole an auto parked by the roadside north of town and were later gathered in by Officer Belloni. The two lads drove the machine into town and stalled it in the sand near the city pumping station. The boys are said to be two who figured in the recent taking of an S. P. handcar from its shed, for which two of their older companions are now in charge of the juvenile court. The boys who stole the auto are now in charge of Juvenile Officer Francis Rapp.

Ernest Nelson returned last week from a three years' trip to Sweden, where he visited with relatives and friends. He also spent some time in Pittsburgh, Pa. Mr. Nelson came back convinced that South San Francisco is good enough for him, and has again taken employment at the steel mill.

The average automobile tourist, can't tell you much about the scenery after he gets back, but he can tell you all about the roads.

DEATH GATE ON HIGHWAY TO BE MOVED

SUPERVISORS ORDER PORTAL AT
BURLINGAME'S SOUTHERN
BOUNDARY OFF HIGHWAY; THE
SCENE OF MANY ACCIDENTS.

The big cement post which stands on the east side of the highway at Burlingame's south gate seems in a fair way at last to be removed from the highway. It was so ordered at Monday's meeting of the board of supervisors. This gate has been the scene of several auto accidents and one or more deaths. Its removal has been requested by various persons and organizations, including the California Auto Association. Some time ago the city trustees of Burlingame consented to its removal, but a careful survey of the ground disclosed the fact that it did not stand on city property. So now the supervisors have taken the matter in hand and the big post, so long a menace to careless drivers, is to be moved.

Supervisor Thomas Hickey was granted permission to expend the sum of \$1000 in dredging Colma creek. County Surveyor George A. Kneese was instructed to survey the creek and determine the amount of earth to be removed.

An appropriation of \$500 was made for the repairing of a bridge over Tunitas creek near the line of the fourth and fifth townships.

In response to an application from the residents of Homestead district near San Mateo the board ordered a number of additional street lights installed in that tract.

On the request of Supervisor John MacBain, director of the Eastside Highway-Transbay Bridge district, County Surveyor George A. Kneese was instructed to survey and lay out the route of the proposed new highway.

Supervisor Manuel Francis was authorized to expend \$1000 on the repairing of the Halfmoon Bay to Tunitas road. Bids for this work were recently advertised but none received, so the work was ordered done by day labor.

The board adjourned to meet again next Monday morning.

PRETTY WEDDING TAKES PLACE AT M. E. CHURCH

A pretty wedding was solemnized on Saturday afternoon at St. Paul's Methodist Church, when Myrtle, daughter of Mr. and Mrs. J. Vaccari, was married to Edward J. Madigan.

The bride was gown in white silk georgette, trimmed with lace and white satin, and wore the conventional veil and orange blossoms. She carried a shower bouquet of white rosebuds and lilies of the valley.

Miss Sophie L. Bauman, who was bridesmaid, was attired in a pink satin gown, while Miss Margaret Thomas, who acted as maid of honor, wore a pale pink georgette gown. Both girls wore picture hats and carried bouquets of roses of a color to match their dresses. Elmer Vaccari, brother of the bride, was best man.

The church was prettily decorated for the occasion. Many friends of the bride, who is a popular young lady of this city, witnessed the ceremony. The Rev. C. L. Peck performed the ceremony.

In the evening there was a wedding supper at The States, where the most intimate friends and relatives were entertained. The bride and groom are spending their honeymoon in Yosemite Valley. They will live in Hollywood, Calif.

LAND COMPANY TO BUILD FIVE NEW HOMES

It is reported that the South San Francisco Land and Improvement Company will start the construction of five new homes in this city within a short time. Those houses will be of the five-room bungalow type and will be strictly modern in every respect.

It's a long drop if you are pushed off the top of the ladder of success.

Crockett—War Department grants permits for construction of bridge across Carquinez Straits.

Pacific Grove—New hotel company takes over Hotel del Mar property; extensive improvements planned.

Calexico—Cotton picking season in Imperial Valley to start October 10th.

Independent.

"This poem," said the timid caller, "is free verse."

"I don't care whether it's free or not," said the editor of the Chiggersville Clarion. "My paper this week is crammed full of paid-in-advance political advertising and I wouldn't publish the best piece of poetry ever written."—Birmingham Age-Herald.

Change of Change.

Brown—Since I bought a car I don't have to walk to the bank to make my deposits.

Black—Ah, you ride there?

Brown—No, I don't make any.—Portland (Me.) Express.

WHOM DO YOU 'TAKE AFTER'?

Men Who Resemble Their Mothers Said to Be More Intelligent—Reverse True of Women.

Do you resemble your father or mother?

Men who resemble their mothers are always more intelligent than men who resemble their fathers, according to William Windsor, psychologist.

"If a man resembles his father, his skull is usually not symmetrical and he is not as intelligent as one who resembles his mother," said Mr. Windsor.

"But if a woman resembles her father, she is usually more intelligent than the woman who resembles her mother. When a girl resembles her mother she becomes too effeminate to be intelligent. Most girls, very fortunately, resemble their father."

Mr. Windsor has examined more than 50,000 heads in all parts of the North American continent.

"You see this skull," Mr. Windsor held up a specimen. "This was the head of a negro woman in New Orleans. One can easily tell that she lacked intelligence by the dimensions of the skull. This skull, however, (he held up another), 'belonged to 'Poker' Meyers of Pittsburgh. He distinguished himself by seizing a red-hot poker from the stove and ramming it through a man's stomach." The skull was short and thick, while that of the negro woman was long and narrow.

CHOSE POOR TIME TO LISTEN

Small Donald Got Very Little Satisfaction Out of What Elders Called "Intermission."

The family was encircled about the radio listening to WLK's program. The receivers were being interchanged at intervals so that each member got a fair share of the entertainment.

"What's on now?" was a frequent remark and father with the receivers clamped on his ears would talk loud, saying, "Piano. Fine! Fine!" Then after a pause, "Here, mother, you want to hear this vocal number now?" and mother would take over the receivers.

It came Betty's turn. She enjoyed a number and then she heard intermission announced. "What's on now, Betty?" someone asked, and smilingly she said, "It is intermission now."

At once eight-year-old Donald put out his hands appealingly for the receivers saying, "I want to hear some of that."

Everybody laughed and some tried to explain, but he insisted on hearing "some of it." Mother said, "Let him," so Donald listened to intermission and finally announced rather disgustedly, "Why, I don't hear nothin'."—Indianapolis News.

To Protect Christian Missions.

The new political status of Egypt carries with it certain provisos whose exact limits are not yet defined, but whose general character and scope are known. The first proviso, however, seems to insure the permanency of the Christian missionary work. Under the new constitution all religions are free and are protected by the state, in so far as they do not interfere with public order or morals. All Egyptian citizens are declared equal before the law and all are eligible for public offices and honors.

This situation presents to all of the Christian missionary work in Egypt an unusual opportunity. The Christian educational work is especially face to face with a challenge seldom equaled.

Sunshades That Sit Over the Hat.

Tourists in Greece during the last summer have been struck by the "hot hats" offered in the streets of Athens. They are of light silk or muslin without a crown of any description, as they are built over a large, light frame that fits over the regulation hat. Though known under the name of hats, they are in better truth sunshades. They are said to lessen materially the discomfort of the Mediterranean sun, and to be in general use in Greece. Perhaps we shall yet see them on this side of the ocean.—Scientific American.

Misplaced Energy.

"Son, I'm afraid you are not trying to make yourself useful about the office."

"But father—"

"I'll admit that the gallantry of your conduct toward our prettiest stenographer could not be improved on. Raising a window to give her fresh air and putting one down to prevent her from catching cold; fetching her a glass of water at frequent intervals and taking her out to lunch is all very well in its way, but it's no great help to the business."—Birmingham Age-Herald.

Yukon Timber in Demand.

For all the timber produced in the Yukon there is a local demand, so that there is no export. During the great rush of mines in 1898 there was a pressing demand for lumber for the building of houses, sluice boxes and the other equipment of mining camps. Sawmills were established at Dawson, Selkirk and Whitehorse. Large quantities of wood were required for fuel, and that demand continues. Mining also still calls for large quantities of timber for shafts and tunnels.

Human Hair as a Commodity.

Forty bales of human hair is one item of a cargo reaching Seattle from China. Each 133-pound bale is worth more than \$400 here; our annual imports exceed \$500,000, and most of the hair goes into hair nets.—Scientific American.

CARD OF THANKS.

We wish to extend our most heartfelt thanks to all those kind friends who with sympathy, words of cheer and floral offerings did all in their power to lighten our sorrow at the death of our husband and father, A. C. Bissett.

MRS. BISSETT AND FAMILY.

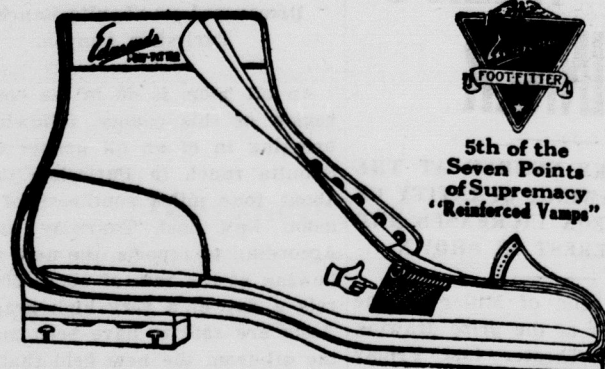

FOOD SALE.

The Ladies' Aid of St. Paul's Methodist Church will hold a food sale at Carmody's store next Saturday, with Mrs. J. J. James and Mrs. S. Stahl in charge.

Even though you can't be a bathing beauty, you can still bathe.

It's toasted. This one extra process gives a delightful quality that can not be duplicated

5th of the Seven Points of Supremacy "Reinforced Vamp"

"Foot-Fitters" are Reinforced at the Vamp.

The vamps of "Foot-Fitters" are reinforced with 8-ounce duck. This heavy lining prolongs the life of the leather, saves the stitchings by absorbing all moisture from the feet and enables the shoes to hold their shape permanently.

And because of the support this duck lining affords, the uppers of "Foot-Fitters" are made of soft, pliable yet extremely durable calfskin which hugs the feet comfortably without binding or pinching.

We will show you this feature by exhibiting a "Foot-Fitter" Shoe which has been cut in two. We will also point out six other reasons why these shoes give such exceptional long wear and satisfactory service. It will pay you to come in and investigate these superior shoes.

SAN BRUNO**LOCAL AND PERSONAL**

Charles Ebbecke of Lomita Park is reported ill with pneumonia at a San Mateo hospital.

William Hoops, who underwent an operation for appendicitis two weeks ago, is able to be up and about again.

Alvina and Christian Schmidt, children of Mr. and Mrs. C. Schmidt, are recovering from a severe case of poison oak.

Rev. and Mrs. Carl Sanger of the local St. John's Evangelical Church left Wednesday for their new field of labor, Bakersfield.

While at school Tuesday, Francis Kane, son of ex-Trustee Kane, fell, fracturing his left arm at the elbow. Dr. Bohm fixed the little fellow up.

The annual picnic of San Bruno parish at Bellevue Tavern last Sunday afternoon drew a large crowd and proved a grand success in every way.

Don't forget the entertainment Saturday evening, September 30th, given by the Y. P. L. of St. John's Church at California Hall, and see "Mrs. Tubbs of Shanty Town."

The little Buzzard boy, who is making his home with his aunt, Mrs. Beech of Third Addition, fell this week, cutting his lip so badly that it was necessary to call in the doctor.

In a collision in the city last week between a heavy truck on which he was riding and a street car, Nick Drescher of this place was badly shaken up, besides sustaining slight injuries about his head.

As a result of overexertion at play on the school grounds on Tuesday, Little Miss Carter, daughter of Mrs. Carter, proprietress of the new store near the "movies," dropped over unconscious and had to be taken home to be revived.

Principal H. C. Hall Jr., until recently head of the grammar schools at Halfmoon Bay, Monday assumed his new duties as superintendent of the local schools, succeeding Principal Knight, who transferred his activities to Mayfield in a similar capacity.

The Ladies' Aid of St. John's Evangelical Church will hold a bazaar at the church parlors October 12th, 13th and 14th. The proceeds will go toward paying off the debt on the newly built edifice. The cause is a good one and it is hoped the general public will give it generous support.

"Billy" Henry Jr. is having a fine new home built for himself at Burlingame, over which a belle of that city will preside as soon as it is complete. Incidentally, it will interest many readers of The Enterprise to learn that Billy's twin sisters, Charlotte and Ruth, will become brides of two young men of Burlingame in the near future.

Since San Bruno has taken on the airs of a progressive little city, the demand for improved and unimproved property is increasing steadily. If interested in homes or building sites here, better act quickly and buy ere all the bargains are snapped up and other properties advance in price. Now is your best chance. Write, call or phone. Wm. Maurer, San Bruno, Calif. Phone 204-W.—Adv.

SAN BRUNO, CALIF.
It Pays to Investigate!**MCDONALD HOME TO BE SOLD.**

Thomas L. Hickey, Mrs. Emma Brose and J. J. Jones, trustees of the estate of the McDonald children, were given authority by Judge Buck on Thursday, September 21st, to sell the McDonald house in the interest of these children.

As will be recalled, a collection was taken up some two years ago to build a home for the children of Mr. McDonald, who had been killed by mistake for a burglar.

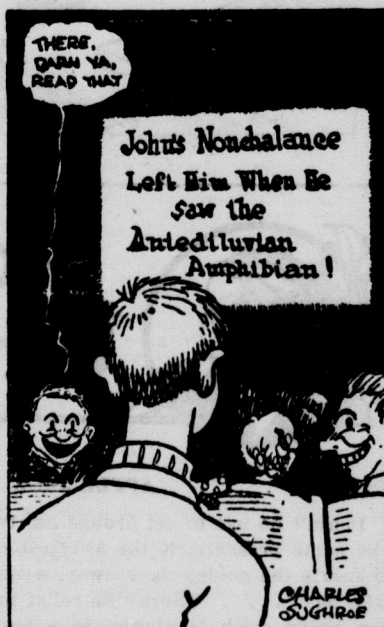

After overcoming many obstacles and delays, the trustees are at last in a position to sell the estate and invest the proceeds to the best advantage for the children when they come of age.

Notice of sale will be found in the advertising columns.

Preliminary.

Ray—So your husband refused to buy you an automobile?

May—Not exactly refused; he said I ought first to become familiar with machinery in general. So he bought me a sewing machine.—"Topics of the Day" Films.

THURSDAY, SEPTEMBER 28, 1922

RICHARDSON FOR GOVERNOR

The Enterprise is for Friend W. Richardson for governor of California. This newspaper is favorable to Mr. Richardson's candidacy for several reasons, every one of them good and sufficient to warrant such support.

First, he is the regular nominee of the Republican party, and this newspaper is Republican, though not hide-bound in its affiliations in that respect to the extent of supporting any candidate of the party irrespective of his personal, moral or mental qualifications.

Second, Mr. Richardson is and always has been a man of the people and for the people. He is a self-made man who has risen from humble station by his own efforts.

Third, Mr. Richardson has filled several public offices and always made good. Every office filled by him has been conducted in a way that has reflected credit to himself and to those who placed him in office.

Of late the metropolitan newspapers have had much to say about a "split" between Mr. Richardson and the state central committee of the Republican party. Of the inner reasons and circumstances surrounding this break, The Enterprise knows nothing and cares less. There are always hidden reasons for such affairs, reasons that do not appear upon the surface and have much to do with political wire pulling and political plum bestowing. If these reasons were really made public this paper believes they would not reflect discredit upon Mr. Richardson.

It is enough for The Enterprise to know that some 250,000 voters of California signified by the vote they cast that Mr. Richardson was their choice for governor. It is enough for this paper that on two previous occasions his Democratic opponent tried to secure the election to the governor's office, and was each time decisively turned down by the voters of the state. Again, at the primary election held in August, only about 25,000 voters in the state cast their votes for Mr. Woolwine.

The Democratic candidate is attempting to make a bid for votes on the "wet" and "dry" issue. This, in the opinion of The Enterprise, is wrong, and should in itself be enough to spell Mr. Woolwine's defeat. Nobody knows better than he that the prohibition question has nothing whatever to do with the contest for the governor's office. Mr. Richardson might be as wet as the depths of the sea in his sympathies and Mr. Woolwine as dry as the sands of the Sahara or vice versa, and all that would have no possible bearing on the conduct of the governor's office, for that office has nothing to do with the Volstead act or its enforcement in this state. Mr. Woolwine knows this, and the very fact that he is trying to inject this issue into the campaign in the hope of grabbing votes by so doing is proof enough that with him it is "anything to win." This in itself shows him as a candidate unfitted for the office to which he aspires.

HELP THE NEW POSTOFFICE EMPLOYEES

Beginning today (Thursday) the local postoffice goes under a new regime as an independent postoffice instead of being a branch of the San Francisco postoffice. Mr. Hardy, the new postmaster, has taken charge, and with him are four new employees.

All those using the mails from this office can do much to help the new postoffice force, and incidentally assist themselves in getting the best possible service. Many persons are careless in the way they address their mail, and then wonder why such mail is delayed in delivery. Many of the business houses will place hundreds of letters in the mail at one time addressed merely with a name and the word Local or South San Francisco below it. Usually they know or can find out the street and house number of the addressee, but do not take the time to do so. In the past it has not made so much difference, as the carriers here were men who were familiar with names in town and little delay resulted. But with the new carriers and clerks in the office it will, for a while, be different.

There are hundreds of persons receiving mail here who, because of their foreign birth or nationality, have names that will be difficult for the new employees to grasp or remember. When addressing a letter it is just as easy to write carefully, and a little pains spent in putting on the street and number will help a great deal in getting your mail to its destination correctly and on time.

We have been trying for years to get our local postoffice back on an independent status. Let's all try, now, to help in every way we can, that the new office may be administered efficiently. The Enterprise is sure that Postmaster Hardy and his employees will do their part if the residents of the town will do theirs.

Never start a bad story about another person. Some one may confuse the names and hang it onto you.

Now is the time to do the things you should have done yesterday, but it makes double work today.

Every man who walks on two legs is a stockman. At least he has a pair of calves.

Some say that Mars is inhabited, others that it is not. Personally, we don't know.

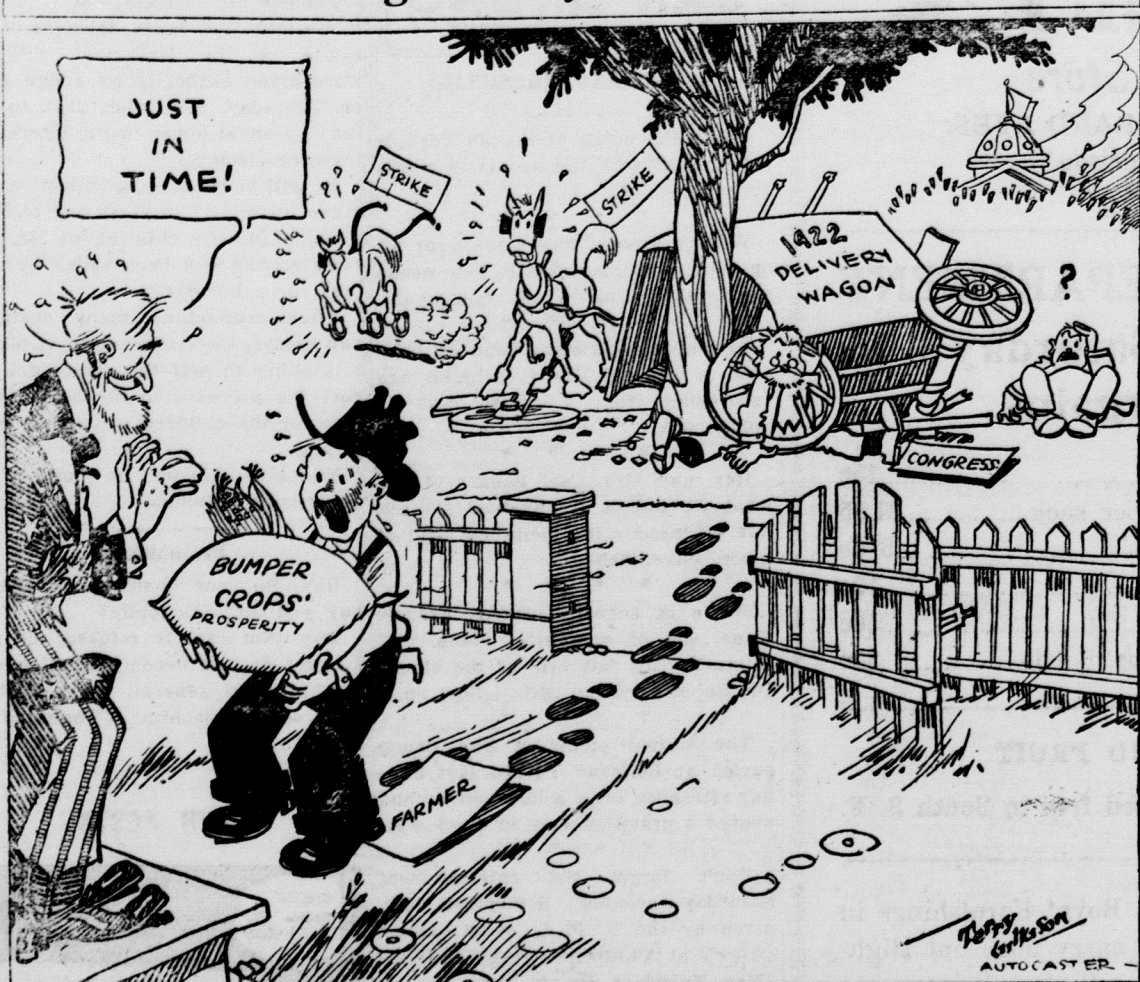

Stir your steps. You won't get anywhere by sitting around in your own shadow.

With the advent of spring the coal dealer has our sympathy—and our money.

It is often the case that the best man at a wedding is properly named.

The safest way to take a mad bull by the horns is to kill him first.

Getting here just the same

APPLE JACK PHILOSOPHY

It ain't no use to set around an' twiddle with yer thumbs— There's got to be some pressure, if the sweetest cider comes. . . . It ain't no use to speckulate the golden days away, when the medders is awaitin' fer attention to the hay . . . There's no relief in droolin' out a dark expanse of hours, when every crick is singin' to a border-line of flowers. . . . You can grind the juiciest apple till it's most as fine as crumbs, but you got to put the pressure on, afore the cider comes!

A little bit of squeezin' helps the mortal sole a lot, when the world around is callin' fer the very best it's got.—The life of ease is pleasant, but the sober thinker knows that we get the finest cider from the apple when it's squeeze! . . . So it's hardly right to grumble when yer circumstances press—for the drippin' nectar tells us what the apple wuz, I guess—And I'd rather be a pippin that can stand the hearty squeeze, than to be a wormly seedlin' that dries up on the trees!

Winning the High Jump in Harvard Stadium

This remarkable action photograph of Le Roy Brown, of Dartmouth College, winner of the high jump at the inter-collegiate athletic meet in the Harvard stadium on May 27, shows the Dartmouth lads are not "cake eaters," "tea hounds," or "spineless molly coddles."

Whether Honest or Not.

The new carpet in the old church was not yet paid for and debt stared the congregation in the face. The pastor advanced to the front of the platform and with great fervor and determination announced: "We have tried every way we could think of to raise this money. We have had so-called and concerts, and we have done everything we could that was honest. Now we are going to try a bazaar."

SAN BRUNO

DOINGS OF THE CITY TRUSTEES.

With Trustees Grundy and Smith absent, the board meeting was called to order Wednesday evening about 9 o'clock. However, once the three trustees present settled down to work, the city's business was transacted with dispatch, and soon after 10 all were homeward bound.

A petition against moving the city's offices to California Hall, signed by about 250 citizens and taxpayers, in opposition to a petition presented at the previous meeting requesting the "moving," was laid over to the next regular meeting, the board feeling that in justice to all concerned an opportunity should be given to the president of the local bank to state specifically what he really had to offer before final action be taken in the matter.

Building permits were granted to Contractor John Schyf, to erect a house in Huntington; Frank Schiedeck, for a garage in Fifth Addition, and F. Allen, to put cement foundation under his house in Fifth Addition.

Thomas Wiedemann, in a highly interesting communication on illumination, set forth that while "moonshine" was all right in its place, Edison's invention was preferable for lighting the street crossings.

On request by the fire department, the fire commissioners were ordered to have the fire truck moved from the garage to the fire house.

Acting on a communication pointing out the need of modifying the present zoning ordinance, a committee of seven is to be appointed to make a thorough survey of the situation and report to the board.

Street Commissioner Edwards reported that in a conference held with representatives of the State Highway Commission in the matter of widening the bridge at the Cabin, assurances were given that this necessary improvement, costing approximately \$5000, would be undertaken at an early date if the city agreed to pay \$2000 toward that end. Favorable action was taken.

The United Railroads signified its willingness to open up the Angus avenue crossing upon receipt of the first installment of payment by the city.

IN MEMORIAM.

Whereas, God in His infinite wisdom has seen fit to remove from our midst Frances Blank, beloved wife of Brother Paul Blank, and whereas our brother has suffered the loss of a true and faithful wife, the children a loving and tender mother and the community a loyal friend; therefore, be it

Resolved, That Panama-Pacific Exposition Lodge No. 5 expresses the sincerest sympathy to Brother Paul Blank in this, his hour of trial, and be it further

Resolved, That a copy of this resolution be sent to Brother Blank, a copy sent to the Amalgamated Journal, a copy to The Enterprise, and a copy be spread upon the minutes of this meeting.

NOTICE OF AWARD OF CONTRACT.

NO. 49

Pursuant to the statute and to the resolution of the Board of Trustees of the City of South San Francisco directing this notice.

Notice is hereby given that said Board of Trustees, in an open session on the 18th day of September, 1922, publicly opened, examined and declared all sealed proposals or bids for doing the following work, to-wit:

That Grand Avenue from the center line of Division Street to the westerly line of Spruce Avenue, Linden Avenue from the southerly line of Commercial Avenue to the northerly line of Miller Avenue and San Bruno Road from the northerly line of Grand Avenue to the southerly line of Linden Avenue, be improved by furnishing and installing thereon and therein Sixty-two (62) steel reinforced, cement concrete single lamp electrolers at the places indicated on the plans hereinafter mentioned, complete with globes, sockets, lamps, cut-out openings, cut-outs, and copper wires, said electrolers to be fastened with wrought iron bolts and cement concrete bases having galvanized conduit ellis; and also by laying therein, under ground, galvanized iron conduits and five (5) cast iron junction boxes and insulated copper wires with four (4) circuits all as shown upon said plans, and by connecting said electrolers and laying said said circuits to a central terminal box to be located at the northeastern corner of Miller Avenue and Linden Avenue, as more particularly shown upon said plans.

There is included in the work and improvements to be done herein all intersections and terminations occurring on said Grand Avenue, Linden Avenue and San Bruno Road within the lines hereinafter described.

The streets hereinbefore referred to are shown upon that certain map entitled "South San Francisco, San Mateo Co., Cal., Plan No. 1," which map was filed in the office of the County Recorder of the County of San Mateo, California, March 1st, 1892, and recorded in Map Book No. 2 at page 52.

All work herein provided for shall be done to official grade and in accordance with the special plans and specifications for said work, which plans and specifications are entitled "Plans and specifications for the construction of improvement work on portions of Grand Avenue, Linden Avenue and San Bruno Road in the City of South San Francisco, County of San Mateo, State of California, which streets and avenues are fully shown upon the plans and specifications attached, which plans are made a part hereof," which plans and specifications were heretofore adopted by said Board of Trustees, and are now on file in the office of the City Clerk, and to which plans and specifications reference is hereby made for a further and more detailed description of the work to be done hereunder and for a particular description of the boundaries of the lots, and for a further and more detailed description of the work hereinbefore described shall be ignored.

And said Board of Trustees did, in said Resolution of Intent No. 49, determine and declare that said proposed work and improvement is of more than local or ordinary public benefit and will affect and benefit the land and district hereinafter described, which said district is declared in said Resolution of Intent to be the district benefited by said work and improvement, and that therefore the entire costs and expenses of said work and improvement shall be made chargeable against and shall be assessed upon said land and district, except as hereinafter expressly provided, which district is within said City of South San Francisco, County of San Mateo, State of California, and is more fully bounded and described as follows, to-wit:

Beginning at the northwesterly corner of lot numbered One (1) in Block numbered One Hundred and Two (102), as shown upon that certain map hereinbefore mentioned; running thence easterly in a straight line to the northerly corner of Lot numbered One (1) in Block numbered One Hundred Twenty-five (125); thence northerly in a straight line to the northwesterly corner of Lot numbered One (1) in Block numbered One Hundred Twenty-six (126); thence easterly in a straight line to the northerly corner of Lot numbered Nine (9) in Block numbered One Hundred Thirty-nine (139); thence southerly in a straight line to the southeasterly corner of Lot numbered Nine (9) in Block numbered One Hundred Thirty-nine (139); thence easterly in a straight line to the southeasterly corner of Lot numbered Seventeen (17) in Block numbered One Hundred Thirty-nine (139); and continuing easterly on said straight line to the easterly line of Cypress Avenue; thence northerly along the easterly line of Cypress Avenue to the southerly corner of Lot numbered Two (2) in Block numbered One Hundred Forty-nine (149), which point is distant northerly at right angles Fifty (50) feet from the northerly line of Lux Avenue; thence easterly, parallel with and intersecting a distance of Fifty (50) feet at right angles from the northerly line of Lux Avenue to its intersection with the center line of Division Street; thence southerly on and along the center line of Division Street to the southerly line of Grand Avenue; thence westerly along the southerly line of Grand Avenue to the northerly corner of Lot numbered Twenty-six (26) in Block numbered One Hundred Forty-six (146); thence southerly in a straight line to the southeasterly corner of Lot numbered Twenty-five (25) in Block numbered One Hundred Forty-six (146); thence westerly, parallel with and intersecting a distance of Fifty (50) feet at right angles from the southerly line of Grand Avenue to its intersection with the westerly line of Cypress Avenue; thence southerly along the southerly line of Cypress Avenue to the southeasterly corner of Lot numbered Twenty-nine (29) in Block numbered One Hundred Forty (140); thence westerly in a straight line to the southeasterly corner of Lot numbered Seventeen (17) in Block numbered One Hundred Forty (140); thence southerly in a straight line to the southeasterly corner of Lot numbered Twelve (12) in Block numbered One Hundred Forty-one (141); thence continuing on the same straight line to a point which is distant One Hundred Twenty (120) feet southerly at right angles from the southerly line of Commercial Avenue; thence westerly in a straight line to the southwesterly corner of Lot numbered Twenty-six (26) in Block numbered One Hundred Twenty-four (124); thence westerly in a straight line to the southwesterly corner of Lot numbered Forty (40) in Block numbered One Hundred (100); thence northerly in a straight line to the point of beginning. All said lot and block numbers are shown upon that certain map hereinbefore mentioned.

Saving, excepting and excluding from said district all public streets, avenues, alleys, lanes, courts and places included and contained therein.

Notice is hereby given that the patent license agreement with The American Cement Products Company, dated June 23rd, 1922, with reference to the work and improvements hereinbefore described is now on file in the office of the City Clerk of said City of South San Francisco.

Notice is hereby given that serial bonds to represent unpaid assessments, and bear interest at the rate of Seven (7) per cent per annum, will be issued hereunder in the manner provided in the "Improvement Bond Act of 1917," and the amendments thereto, the last installment of which bonds shall mature Nine (9) years from the second day of July next succeeding Nine (9) months from their date.

Except as hereinbefore provided, all of the herein proposed work shall be done in pursuance of an act of the Legislature of the State of California, designated as the "Improvement Act of 1911," approved April 7, 1911, and the amendments thereto.

Reference is hereby made to Resolution of Intent No. 49 of said Board of Trustees declaring its intention to order said work to be done, for further particulars, which Resolution of Intent is on file in the office of the City Clerk.

And, thereafter, on the 18th day of September, 1922, awarded the contract for said work to the lowest responsible bidder, to-wit: H. C. Reid and Company, at the price and upon the terms and conditions set forth in their proposal or bid on file as follows:

Earth trenching, nineteen (19) cents

per lineal foot; jacking, including all work to be installed under existing sidewalks and pavement, fifty-five (55) cents per lineal foot; galvanized iron conduit, 1 1/4 inch, inside diameter, including installation, twenty-three (23) cents per lineal foot; galvanized iron standard conduit ellis, including installation, fifty (50) cents each; cast iron junction boxes, installed, ten (10) dollars each; number 8 B. & S. gauge copper wire, twin conductor, insulated for six hundred volts and lead covered, including installation, thirteen (13) cents per lineal foot; terminal box with concrete foundation, installed, sixty-two (62) and 50/100 dollars (\$62.50); concrete foundations for electrolers, installed, twelve and 50/100 dollars (\$12.50) each; electrolers, installed, including globes, cut-outs, wires, sockets, etc., one hundred and five dollars (\$105.00) each.

Dated September 21, 1922.
DANIEL McSWEENEY,
City Clerk.

NOTICE OF TIME APPOINTED FOR PROBATE OF WILL.

In the Superior Court of the State of California, in and for the County of San Mateo, Probate No. 3054.

In the Matter of the Estate of James Pruncho, Deceased.

Notice is hereby given that Friday, the 13th day of October, A. D. 1922, at 10 o'clock a. m. of that day, and the Court Room—Probate—of said Court, at the Court House in Redwood City, in the County of San Mateo, State of California, have been appointed as the time and place for proving the will of said James Pruncho, deceased, and for hearing the application of Louis Poulos for the issuance of him of Letters Testamentary thereon.

Legion Uses Ship for Clubhouse

The American Legion of Seattle, Wash., paid \$3,500 for this wooden ship which cost the U. S. Emergency Fleet Corporation about \$700,000 to build. It is one of the fleet of partly finished wooden steamships which have been lying idle in Seattle harbor since the armistice. The former service men will rent the vessel as a floating clubhouse.

Only Dora.

Six-year-old Dora returned unusually early from school the other day. She rang the door bell. There was no answer. She rang again, a little longer. Still there was no response. A third time she pressed the button, long and hard. Nobody came to the door, and she pressed her nose against the window pane and in a shrill voice, which caught the ears of every neighbor, called: "It's all right, mamma, I'm not the installment man."

Reason for Celibacy.

"Why have I never married?" The confirmed bachelor repeated a leading question. "Well, once upon a time in a crowd I trod on a lady's gown. She turned, furiously, beginning, 'You clumsy brute!' Then she smiled sweetly, and said, 'Oh, I beg your pardon, I thought you were my husband. No, it really doesn't matter in the least.'"

"And when I came to think it over I decided that I'd better let marriage alone."—Pittsburg Dispatch.

Heralding the completion of the Pit Power Plant No. 1

A recognition of one of the greatest achievements
in the annals of HYDRO-ELECTRIC DEVELOPMENT

On Saturday, September 30, 1922

an event will take place, not only of great significance to the scientific and engineering world, but to the people of Central and Northern California as well.

Heralded for months by electrical and other scientific journals as an epoch-making event, the completion of this project is declared by scientists to be one of the greatest achievements of modern times.

On this date the constantly flowing waters of the Fall River will be diverted through a tunnel and dropped 454 feet through massive steel penstocks to the PIT RIVER POWER PLANT No. 1. From this tremendous force of falling water will be generated an additional 93,000 horsepower available for use in the home, on the farm and in the factories of this section.

When the "load dispatcher" throws the switch, the energy thus generated will be transported over great cables created to carry the *hitherto unattempted pressure of 220,000 volts for the great distance of 208 miles!*

History in the Making

THE DAY will be one of great importance to California, comparable to some of the greatest National achievements.

When the golden spike was driven at Promontory, Utah, in 1869, a transcontinental railroad had been completed by two companies, financially supported by the United States Government, at a cost of approximately 181 million dollars.

When the two 46,500 horsepower electric generators of the Pit River Power Plant No. 1 begin to function, they will signal the completion of the first big unit of power development along the Pit River in which 100 million dollars will ultimately be invested by the Pacific Gas and Electric Company alone!

Important as the completion of the transcontinental railroad was to the West, there are those who claim that the hydro-electric development along the Pit River will be equally as important to the prosperity and happiness of the people living in the Central and Northern Section of California.

The Result of Co-operative Effort

DR. STEINMETZ, the world famous scientist and engineer, in referring to this accomplishment said: "In forty years we have seen the distance to which electric current may be commercially transmitted increased from one mile to over two hun-

dred miles, while voltages have risen a thousandfold: from 200 volts to 200,000."

This California achievement is the result of the accumulated knowledge, ability, experience and the spirit of helpfulness of the electric geniuses of all time.

This Pit River unit, as well as the other 28 hydro-electric and 4 steam-electric power plants of the company, are not the result of one man's efforts, but of the *united efforts* of all who have invested money, brains and faith in the Pacific Gas and Electric Company.

Therefore, California is a world leader in hydro-electric development today, not only because of her topographical advantages, but because her people have encouraged men with vision and capital who have taken the risks of the pioneer.

Today— All Should Be Grateful

EVERYONE living in California should be grateful to those whose deep study and tireless experiments have made possible the success of this project. All honor is due the men who have contributed their best thoughts to accomplish this heretofore unattempted result.

Worthy of the utmost appreciation is a State that is blessed with an abundance of electrical energy, which turns the wheels of industry, lights and heats homes and performs scores of menial tasks for the people.

The Pacific Gas and Electric Company in its ambition to anticipate and keep pace with the growth of this section, has developed power in excess of present requirements.

PACIFIC GAS AND ELECTRIC COMPANY

P • G • and E •
"PACIFIC SERVICE"

A mighty object lesson in the benefits derived from this development

The completion of the Pit River Power Plant No. 1 offers a most illuminating example of financial benefits which immediately accrue to a community during the construction of such projects. In noting the following interesting data the reader is asked to remember that the figures quoted pertain entirely to the building of the Pit River Power Plant No. 1, and the transmission system—which is but the first big unit of the Pit River Project now being developed by the P G and E.

Only a few of the outstanding items have been taken from the books to illustrate how this Company has put a vast amount of money into circulation in California in the development of just ONE of its many projects. California-produced materials and supplies have been used whenever possible.

The Magnitude of the Undertaking

The magnitude of the undertaking is illustrated by a partial list of materials used as follows:

—Steel (power house, penstocks, transmission towers and substation) . . .	15,598 tons
—Cement	24,150 barrels
—Lumber (besides 75,000 railroad ties and 1,169 sixty-foot poles)	1,058,088 board feet
—Concrete	58,461 cubic yards
—Aluminum Cable (166.8 wire miles) . . .	517 tons
—Copper Cable (1,041 wire miles)	4,333 tons
There are 48 strands of this cable, which if all strung out into one long wire would be 50,000 miles in length.	
—Insulators (11,243 strings, composed of 157,287 units)	3,175,000 pounds
—Steel Towers (weighing 6,888 tons to carry cable 208 miles)	1,668
—Tunnel	20,111 feet
—Excavations	404,796 cubic yards
—Construction Railroad	31 miles
—Blasting Powder (besides 178,800 feet of fuse and 33,000 caps)	205,330 pounds
—Electrical Energy (generated in auxiliary plants for use in construction work)	4,000,000 kilowatt hours
—Man Days required to complete job, approximately	668,506

How Money Was Circulated

The reader will grasp the significance of development work when facts relating to the expenditure of money are given:

—An average of 857 men per day were employed for 26 months. These figures represent the number of men on actual construction work and do not include the men employed in fabricating the steel for 1,608 towers, which was done in California, or the employment given directly to thousands of other California people.

—Approximately 991,731 meals were served in the 20 camps and boarding houses. The P G and E purchased for these meals the following products and thereby paid California producers and dealers approximately \$255,725.00:

—Meat, 206 tons	—Pastes, 4 tons
—Eggs, 38,000 dozen	—Sugar, 67½ tons
—Hams and Bacon, 34½ tons	—Canned Fruit, 23,400 gallons
—Flour, 131 tons	—Canned Vegetables, 19,500 gallons
—Potatoes, 159 tons	—Butter, 30 tons
—Onions, 15 tons	—Milk, 84,200 cans
—Beans, 12 tons	—Lard, 8½ tons
—Rice, 4 tons	—Dried Fruit, 12½ tons

The money spent for materials (much of which were made locally) the sums distributed in payrolls, both directly and indirectly, the cost of tools, construction equipment, auto trucks, gasoline, horse feed, etc., etc., combine to make a total that would stagger the layman if space permitted enumeration of all the items.

The total cost of the Pit River Project will be approximately \$100,000,000.00.

This money is being put into circulation by the Pacific Gas and Electric Company because its officers have confidence that North-Central California will grow and prosper.

Low Sophomore Chester McGrath
High Freshmen Louise Reid
Low Freshmen Myrtle James
Reporter for Girls' League Edna Broner
Reporter for Block Letter Society Genevieve Schmidt

THE FRESHMEN RECEPTION.

The reception which occurred Saturday evening, September 23d, certainly proved to be a huge success, everybody having a very good time watching the different comical incidents that took place.

Pink ribbons were first tied on the arms of the freshmen, also of Mr. Weller, the new teacher in the commercial department, and James Casey, a new student in the high school.

After having been taken into Miss Franklin's room the freshmen were led separately into the hall and up on to the stage, where a canvas curtain was hung. The lights in the auditorium were turned out, and, the lights on the opposite side of the curtain being on, the shadow of any one standing before the curtain was revealed to the audience.

Not ordinary shadows, but comical ones of shaking knees, etc., because naturally every one felt nervous. Mr. Holt, Mr. Adams, and Elmer Vaccari inflicted the electric shocks, after which the shadows of fingers being shaken in the air were seen and a generous lot of "ouches" were heard throughout the auditorium.

When this part of the program was over the lights were turned on in the auditorium, and different freshmen were appointed to do stunts before the school.

During this part of the performance most of those present shrieked with laughter and even dignified Mr. Adams was seen holding his sides.

Mr. Weller was made to do his share also in this part of the program. A jug was brought on to the stage and he was made to balance himself on it with his hands and feet in the air. However, he finally succeeded.

After all the comic parts of the evening were over a short musical program was given, including a piano solo by Matilda Bernardo, a vocal solo by Virgil Ringue, and Lois Aylsworth gave a Russian dance which was enjoyed by every one.

This concluded the entire party excepting the "eats," which were served cafeteria style. The refreshments were ice cream, cookies and candy, which every one seemed to relish.

This being the end of the evening's pleasure, everybody started home, and Monday morning the freshmen came to school, real accepted high school students.

THE STUDENT BODY.

Upon entering high school a freshman often wonders of what good the student body is to him. He pays his dues just to sit and listen to the

upperclassmen talk about something that does not benefit him.

That's where he is mistaken, for every student from a freshman to a senior has the privilege of suggesting anything that may be of benefit to the school.

It gives him poise and assurance while talking, and the experience which he gets while attending these meetings will benefit him in later life.

Our student body conducts athletic games, which brings us in closer contact with other schools, and while paying their dues each boy and girl is entitled to a season ticket to every game.

JEFFERSON HIGH VS. SOUTH SAN FRANCISCO

On Friday afternoon the Jefferson high football team played against the South San Francisco high school's second team.

South San Francisco high won the toss and chose to kick. The score from the first was decidedly in favor of South San Francisco.

The Jefferson "babes" did their best and fought hard, but they were too light.

The outstanding stars of the game were numerous, but Joe Agresti and "Cripp" Wallace were the best, while Captain Blaylock, John Carlson and Harold Fisher were the stars for Jefferson.

South San Francisco was victorious with a score of 8 to 0.

THE HOCKEY GAME.

A hockey game was played between the freshmen and sophomores Monday, September 18th. The sophomores won, the score being 2-1.

The freshmen gave the sophomores a hard fight and made the first goal, but the sophomores improved their speed, making the last two goals.

Another game will be played October 2d. The freshmen claim they will not be beaten and hope to come back strong in this game.

JUNIOR PROM.

Saturday night at 8:45 o'clock will find the junior class the host to the entire school and its friends. The fete will be held in the school auditorium, which will be gaily decorated in the class colors.

Invitations have been freely distributed among the friends of the students. A large attendance is expected.

The proceeds of the evening will go toward the fund for the publication of the "Iris," the school annual.

INSTRUMENTS FILED FOR RECORD IN SAN MATEO CO.

Furnished by the
RICE ABSTRACT COMPANY
Redwood City.

Perceval W. Selby and wife to Mark A. McCann and wife—100 feet on highway, portion lots 1 and 18, subdivision Tract C, Selby Estate.

LOCAL HAPPENINGS

Mr. and Mrs. A. J. Nussel spent the week-end visiting Mr. and Mrs. J. Coe at Vallejo.

Mrs. M. Baldini, who is ill at the South San Francisco Hospital, is recovering rapidly.

Rev. and Mrs. C. L. Peck left Tuesday of this week to attend the annual Methodist conference held at Santa Cruz.

Miss Ramona Ferrari of San Francisco was the week-end guest of Miss Sarah May Doak at the Doak home on Miller avenue.

C. T. Rickman, who is on his way to New Zealand, spent a few days last week visiting at the home of Mr. and Mrs. A. J. Nussel.

I. H. Potter, president of the local bank, who has been East on business for several weeks, is expected back within a few days.

Miss Elsie Van Tassel and Frank Norment of San Francisco won the prize foxtrot at National Hall last Saturday evening.

Mr. and Mrs. Rinehart and children of Richmond moved this week into the Reed house on Pine Terrace. Mr. Rinehart is now employed in this city.

Mr. and Mrs. E. C. Peck and son, Jack, spent several days last week visiting Dr. and Mrs. J. C. McGovern at their summer home near King's Mountain.

Mr. and Mrs. C. H. Leonard have rented their home at Hillsborough to Mr. and Mrs. J. Roberts of New York. Mrs. Leonard will continue her music classes at Burlingame.

J. G. Walker of this city, whose pleasing tenor voice has been heard at many local functions, will sing at the broadcasting station at Hale's store in San Francisco next Monday afternoon.

R. C. Stickle, well-known building contractor, who formerly lived in this city but moved to Los Angeles last spring, returned to this city early this week to re-enter the contracting business here.

K. C. Koop, optician at the Peninsula Drug Store, is suffering from a severe case of poison oak, contracted in an excursion into the hills of San Mateo county last Sunday. Mrs. Koop accompanied her husband, but was fortunate enough to escape unscathed.

GHILARDI BABY BOY CHRISTENED AT ALL SOULS

The infant son of Mr. and Mrs. F. Ghilardi was christened at All Souls' Church last Sunday. Miss Lelia Bollazzi acting as godmother and Frank Ghilardi as godfather. Following the ceremony a sumptuous noon dinner was served at the Ghilardi home on Baden avenue. Besides Mr. and Mrs. F. Ghilardi, the following were present: Dr. Charles Keller of Colma, Mr. and Mrs. Charles Bollazzi, Mr. and Mrs. G. Vinani, and Mr. and Mrs. G. Ghilardi and family.

SO. S. F. TEAM DEFEATS SAN BRUNO AT FOOTBALL

The Yanigans, the newly organized local club, defeated the San Bruno P. O. M. team at football Sunday by a score of 19 to 0. The San Bruno club put up a good fight, but were outclassed by the Yanigans in both offense and defense. The Yanigans secured two touchdowns in the first quarter, one after a long pass from Lloyd to Reid and the second after a series of line bucks through San Bruno's weak defense. The last score was in the final quarter, when Reid carried the ball around right end for a goal.

The outstanding feature of the Yanigans' play was the impregnable line defense, which held the San Bruno's back field to four first downs. The Yanigans' line saved their backfield strength for the offense. Lloyd, Reid and Hinton made yardage almost at will. The game was surprisingly lacking in aerial work. Each team completed but one forward pass and each lost much yardage by failing to kick on the fourth down when a kick was called for.

Anderson was the outstanding star for San Bruno, but he made only two long gains and the rest of the time he was mercilessly covered by the Yanigan defense.

The Yanigan Athletic Club, the only athletic club representing South San Francisco in football, has recently been organized, with Philip Sullivan as president. The club's football schedule is by no means complete. It is seeking games with the San Bruno Y. M. I. and the local high school teams.

CELEBRATION TO MARK PIT RIVER PLANT OPENING

Opening of the first units of the \$100,000,000 power development project on the Pit river will be marked by a great celebration Saturday, September 30th, in which thousands of persons representing communities throughout northern California will participate.

The program will be under the direction of northern California civic and commercial organizations.

The celebration will occur simultaneously at two points, the Pacific Gas and Electric Company's Pit No. 1 plant, just completed near Fall River Mills, Shasta county, and Vaca substation, twenty-eight miles west of Sacramento, where the current will be received after transmission over the longest high-power line in the world.

At 4:30 p. m. on September 30th the switch will be pressed at the Pit plant, and almost at the same moment flashing lights at the Vaca substation, 200 miles away, will show the newly created energy has been received.

Arrangements are being made for a crowd of at least 500 at the Pit plant and 5000 at the Vaca substation to celebrate the completion of these first units of the Pacific Gas and Electric Company's \$100,000,000 development project on the Pit river.

Committees have been appointed from many communities in northern California to participate in the big celebration.

THANKS ENTERPRISE.

Editor The Enterprise, South San Francisco, Calif.—Dear Mr. Speed: I have just received from Sacramento the official returns on my contest for renomination as lieutenant-governor, showing that I carried San Mateo county by a vote of over 2 to 1.

I desire to express to the voters of San Mateo county my appreciation of their generous support, and especially wish to thank The Enterprise as one of the newspapers of the state whose good will toward my candidacy helped secure for me a majority of over 150,000.

Trusting that my second term as lieutenant-governor may fully justify this splendidly generous endorsement, I am

Yours very sincerely,

C. C. YOUNG.

Sept. 25, 1922.

He'd Take a Chance.

A man who had just opened a store in a strange town was interrogating one of his early customers on the purchasing power of the citizens. "Now, there's Deacon Brown," he said. "He has the reputation of being wealthy. Would he be likely to spend much money in here?" "Wa-al," drawled the native, reflectively, "I wouldn't exactly say that he'd go to hell for a nickel, but he'd fish around fer one till he fell in."—Salt Lake Telegram.

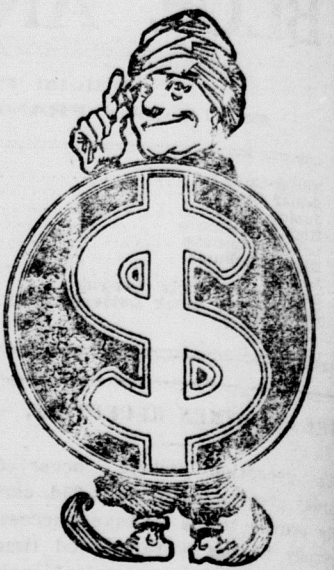

Likes Fairy Tales.

"You sold me a car about two weeks ago?" "How do you like it?" "I want you to tell me everything you said about that car all over again. I'm getting discouraged."—Birmingham Age-Herald.

HUNTING AND FISHING REPORT FROM THE S. P.

Fishing continues good, deer hunting is improving in open districts, dove hunting is reported fair and present conditions point to an excellent duck, geese and jacksnipe season, which opens October 1st, according to the Southern Pacific's weekly outdoor sports report.

In the Sisson, Huntington Lake, Sequoia National Park and Owens Valley districts good catches and clear streams are reported.

Deer hunting is reported excellent in the lava beds east of Bartle, Calif., and several kills are reported near Sisson.

Among the duck, geese and jacksnipe districts that are expected to provide good shooting with the opening of the season October 1st, are the following: Newark, Mount Eden, Alviso, Marysville, Maxwell, Willows, Gridley and Gustine.

The Power of Flattery.

"You seem able-bodied and healthy," she remarked coldly, "you ought to be strong enough to work." "True enough, lady," he replied. "And you seem beautiful enough to be in the movies, but evidently you prefer the simple life."

Her cold look vanished and she gave him a good meal.—New Haven Register.
